

Martin Opálka, HR Manager

„ADM has been cooperating with VICTORIA Language Agency for 4 years. VICTORIA has been providing language lessons (English, German and Czech) as well as various translations to our two entities within the Czech Republic. ADM is the part of FMCG business and this business requires its own terminology and requirements for translations and language lessons (special terminology).

VICTORIA Agency fully meets ADM's needs. The lessons and translations are carried out at professional level. The attitude of the agency is very proactive and they react very quickly to ADMs requirements. All teachers are well prepared and lessons are effective.

ADM appreciates the service of VICTORIA Agency very much and I can highly recommend cooperation with this company.
